... Excerpts from last year's message to the graduates  
By Lowell Linden Ph.D., D.D., :

... Excerpts from Brian J. Carroll, J.D., President  
from message written for the catalog

**G**raduation is a once in a lifetime experience for our graduates and for those who supported and encouraged them. This includes parents, friends, teachers, instructors, and college administrators.

Community Christian College (CCC) continues to provide an outstanding experience for the young and not so young. A student is able to complete the two-year course of study in two years. That may sound redundant, but many community colleges, both private and public, often require added time because of the lack of classes being offered in order to complete the course of study. The college has gained a reputation of excellence through the success of our graduates as they either continue their education or begin their careers. They discover they are well-prepared for future endeavors in or out of the classroom of life.

**A**t Community Christian College, (CCC) you will be afforded many opportunities to grow and expand your knowledge-base as well as interact with and learn from some very talented individuals.

The atmosphere at CCC is unique. I am proud of the comfort our students feel when they enter a classroom or attend online. Being in a nurturing Christian environment, you will discover the ease at which you will interact with your instructors and the guidance that you will receive throughout your entire experience.

As we embark upon our 23rd year of service, I am incredibly proud of our exceptional and distinguished alumni and supporters. I would like to include you as one of our own.

At CCC, every member of our institution is dedicated to your success. From your first moments on campus or attending online, to the moment you walk across the stage for graduation, we will be with you every step of the way. Welcome to the CCC family.

# Meet the Grads

## Danella Durqango-Perez (Valedictorian)

Danella's degree is in Liberal Arts. She plans to continue her education and go on to California Baptist College. Her favorite class was Political Science—look out, she could be President someday!

## Kathleen Florez

Kathleen also graduated with a Liberal Arts degree. She plans to continue with her education at California Baptist College. Her favorite classes were Intercultural Communications and Religious Studies.

## Taylor Camargo

Taylor's degree is in Associates of Arts and plans to continue her education at California Baptist College. Her favorite class was Philosophy and she hopes to go into the Nursing Field.

## Marissa Gonzalez

Marissa also has a degree in Liberal Arts, however she plans on going directly into the work force as an Esthetician. Her favorite class was Sociology.

## Bethany Ortiz

Bethany's degree is in Associates of Arts and plans to continue her education at Bethesda University. Her favorite classes were the New and Old Testament Survey.

Pictured above with the Graduates, Faculty and Administrators.

**Brian Carroll, J.D.**, *President* opened the ceremony with a message to be yourself and sell yourself.

**Lowell Linden, Ph.D., D.D.**, *Vice President of Development*, reminded the grads to speak the truth and it will set you free.

**Jim Adams, Ed.D.**, *President of Life Pacific College*, spoke of the distribution of the Belief in God and to be grounded always in the Word of God. Be prepared and always run after life, keep your mind clear and remember you are never alone the Lord is always within you.

**Randy Trau, President and C.E.O of Mountain View Wholesale & Export**, gave the Grads a wonderful tip—always carry a blank card with you and any time you have an interview or a discussion with your boss, or teacher, write a couple of lines from the talk and leave the card on their desk before you leave. It will give you and the recipient great satisfaction..

**David Zamora, D.D. Vice President of Operations**, offered the Charge to the class of 2018.

**Danella Durango-Perez**, was the *Valedictorian*, and thanked the professors for the leadership and patience and her family for giving her the time she needed to succeed and graduate and to set a good example for her children. She also mentioned that the 2018 class voted unanimously that they were *the best graduation class ever*.

#### *A special note from a former graduate:*

CCC was the first college experience I had and it made the difference between quitting and going ahead with my studies because Spanish was my strongest language as an international student. It was difficult to attend classes and keep up because I was constantly translating. The patient professors and cluster system made it easier for me to feel comfortable. I thank God for CCC where I could learn to survive in my college education,

... *Ruth Palma*, Principal  
Middle School in Sun Valley

## How You Can Help

- Pray for the college and each of the students;
- Like us on Facebook;
- Talk to someone who may be interested in attending CCC and then help that individual to contact the college;
- Sponsor a student for a year (\$6,000);
- Make a one time donation;
- Make a monthly donation; or
- Speak to our Development Department about estate planning.
