TITLE IX OVERVIEW

In-Service Compliance Training

- **TITLE IX OVERVIEW**
- **Personal Examples**
- **Collaboration with Academic Faculty  
to support student success and  
retention**

- **TITLE IX OVERVIEW**

CCC Policy:

Professional Development  
4 times annually

8 professional development credits  
annually

- Title IX almost 50 years old (Nixon signed into law in 1972)
- Any School receiving Federal Aid must abide by law
- Original punishment was cut off of aid

Compliance Revision: 2002,4,7,9,11  
Originally covered athletics, e.g.  
funding women's sports team---  
now--- all aspects of sexually violent,  
abusive or hostile behavior

Now- covers crimes against anyone  
(coaches, educators, staff et al.)

Complaint by a potential victim **does not have to be proven beyond a reasonable doubt**—just be credible—  
for the School to investigate/take  
action

Schools—aware of potential crimes  
and **do NOT act-are liable**

ALL School representatives—such as coaches have an obligation to **promptly REPORT** all data to School authorities

- Personal Examples

- Collaboration with Academic Faculty to support student success and retention

When do student athletes feel most stress? Are most tempted to drop out?

- fall into spring

Financial Implications of dropping out!

Feds may require payment at the end  
of 6 months

What do you suggest CCC  
Administration do to help?

How do we communicate with students?

How do we best incentivize student retention?

What is a helpful or useful piece of information from the In-Service session today?
